

WMSCI Memorandum

Date: May 21, 2020
To: The Residents of Lindenwood Manor and Terrace
From: Management Team
Subject: Some good news!

Thank you for your continued patience as we navigate the COVID-19 climate. We are pleased to announce a couple of exciting things to you. We hope the information in this memo lifts your spirits and gives you some sense of routine.

ACTIVITIES

We will be starting some small group activities in the building such as exercise classes. Please watch for signs announcing the date, time and location of each event for the remainder of May. Your June calendar will be delivered to you at the end of next week and it will indicate the activities we will be offering for the month. All activities will require social distancing, but it will still be fun to be together.

HAIR SALONS

We are thrilled to announce that the Manor and Terrace hair salons will be opening shortly! Jackie (Manor) and Marcel (Terrace) are very excited to see you again and provide you with hair services. All appointments will be made via telephone. To book an appointment, please call the hairdresser directly, do not stop by the salon as there can only be a minimal amount of people in each salon at a time. Also, do not come early for your appointment because we cannot have groups forming. Thank you.

Manor--Jackie 204-914-1746

Jackie will start to see residents on Friday May 22nd. We are unsure what days she will be available next week but when you call her to make an appointment, she will let you know. Please note, only two residents will be allowed in the salon at one time.

Terrace—Marcel 204-223-9786

Marcel will be booking appointments for Wednesday May 27th, Thursday May 28th and Saturday May 30th. Please note, only one resident will be allowed in the salon at one time.

Thank you!
