

Frequently Asked Questions

Can we invite other residents into our suite?

At this time, we do not recommend that you have anyone in your suite. We want to encourage you to meet your friends in common areas or outdoors as long as social distancing is maintained.

Can we have our own hairdresser in our suite?

No. We are attempting to keep as few people as possible coming in and out of the building. Please remember you can call Jackie at the Manor (204-914-1746) or Marcelle at the Terrace (204-223-9786) to have your hair done in the salon.

Can we go out to the hairdresser, grocery shopping, Walmart shopping etc.?

At this time, it is not recommended. We feel that with grocery orders, medication deliveries, our on-site salons and family dropping off items you should be able to get everything you need.

Can my family drive me to a doctor's appointment?

If you need to see your doctor, please do so. The doctors' offices are being very careful and will not put your health in jeopardy. One family member can drive you to an appointment. We recommend that you both wear masks and when you return to the building you wash/sanitize your hands before going to your suite.

Can I walk off the property?

Yes, enjoy an outdoor walk in the community of Lindenwoods.

Can I go for a drive in my car? Can I go for a drive with family members?

You can go for a drive by yourself or with your spouse but you should not be driving unnecessarily with family. The exception would be to and from doctor appointments.
